Dear friends of Des Moines Ballroom,

The following statement is in regard to our weekly Friday Night Practice parties. Group classes and private lessons currently underway will continue at this time. As changes occur, you will be notified directly.

As the COVID-19 situation continues to develop we have decided to respond proactively with caution. We understand that that even with our best efforts to maintain a clean and safe environment, practice dance parties could still be problematic for the spread of a more contagious virus.

We want to make every effort to first keep our community safe, and while the last thing we feel like doing is cutting back on opportunities to enjoy our time together, we must be conscious of the risks as well as benefits.

Practice Parties at the studio will be on hold for the remainder of March, and we will continue to update you on this page as we receive more information. This doesn't mean we need to stop dancing, we just need to alter the scenery for a bit. We encourage you to push the couches and tables to the side and capitalize on this opportunity to dance in your own living room! Please feel free to share your home dance party videos here on our page, and inspire others to share as well.

Please take care of yourselves and we hope to be dancing with you again soon!
